

## Guide to the Early Days

# Newborns: Birth–2 Months

Scan the QR codes using your smart phone, or search the topics listed below at [HealthyParentsHealthyChildren.ca](http://HealthyParentsHealthyChildren.ca). You can also look up the page numbers in the *Healthy Parents, Healthy Children: Pregnancy and Birth* or *The Early Years* books.

### Caring for Yourself (Pregnancy & Birth Book)

**Caring for yourself after birth:** bathing, breast & nipple care, vaginal discharge & perineal care (pg. 226–237)

**Postpartum mental health** (pg. 244–250)

**Birth control & postpartum sexuality** (pg. 256–272)

**Self-care** (pg. 244–246)

**Postpartum mental health** information sheet (pg. 246–250)

**Family support plan**

### Newborn Feeding & Nutrition (The Early Years Book)

**Feeding your newborn** (pg. 213–215)

**Breastmilk supply** (pg. 154–155)

#### **Breastfeeding Challenges:**

If you have breastfeeding challenges, you're not alone.

Challenges are common in the first few weeks.

Learn about what to do (pg. 176–189)

**Expressing breast milk by hand** (pg. 166–168)

**Equipment for feeding:** cleaning & preparing (pg. 191–200)

#### **Breastfeeding support:**

When your baby latches on correctly, you'll feel a pulling sensation, not pain. If you have pain in your breasts or nipples, bruising, blisters or cracks, get help as soon as possible. For breastfeeding support, call Health Link at **811** or talk with your health care provider.

**Taking Care of your Newborn** (The Early Years Book)

**Jaundice**  
(pg. 253–254)

**Developmental milestones:**  
birth–2 months  
(pg. 207)

**Baby's temperature**  
(pg. 255–256)

**Attachment:**  
skin-to-skin cuddling  
(pg. 209–210)

**Taking your child's temperature:**  
under their arm

**Developing brains:**  
serve-and-return interactions  
(pg. 240–241)

**Keeping your Newborn Safe** (The Early Years Book)

**Safe infant sleep**  
(pg. 218–224)

**Interactive tool**  
Safe infant sleep

**Car seat safety**  
Take the 'rear facing' car seat YES Test  
(pg. 125–126)

**Coping with crying:**

Your baby's crying may increase at about 2 weeks and peak when they're about 2 months of age. Using a Crying Plan can help you during this time. (pg. 229–233).

**Notes:**

Your baby's first well child clinic appointment is at two months:
